Meeting Summary

Meeting	Third-Party Risk Governance Committee
Date	2025-10-14
Chair	VP, Procurement
Attendees	VP, Procurement; CISO; Privacy Counsel; Director of IT Operations; Compliance Manager; Vendor Management Lead
Purpose	Review BluePeak vendor contract posture, audit findings, and remediation requirements before production expansion.

Decisions Recorded

- The committee agreed that the counterparty draft MSA cannot be approved unless incident notice, audit-right, subprocessor, and deletion clauses are revised to baseline standards.
- The committee accepted opening NCR-2025-017 and required closure evidence prior to any scope expansion.
- The committee requested a clean evidence pack for Q3 vendor access review and a redline summary by Legal.

Action Items

Action Item	Owner	Due Date	Status
Provide corrected access-review evidence pack and owner sign-off	IT Operations	2025-10-18	Open
Return contract redlines aligned to CTR-001 baseline	Legal	2025-10-17	Open
Obtain updated subprocessor list and control summary from vendor	Vendor Management	2025-10-19	Open
Confirm whether Q4 onboarding milestone should slip if issues remain open	VP, Procurement	2025-10-21	Open

Next Meeting

Tentatively scheduled for 2025-10-22 to verify completion of actions and approve or reject the final contract package.
