

Service Level Agreement

Version 1.1 - operational service commitments tied to the approved vendor engagement.

Notice: Synthetic business document for demo use only. All names, parties, systems, and events are fictional.

Document ID	CTR-003	Owner	Vendor Management Office
Version	1.1	Effective Date	2025-08-12
Counterparty	BluePeak Cloud Services LLC	Classification	Confidential

1. Service Commitments

Metric	Commitment	Measurement Period
Platform availability	99.9%	Calendar month
P1 response time	15 minutes	24x7
P2 response time	1 hour	24x7
P3 response time	4 business hours	Business hours
RPO / RTO	4 hours / 8 hours	Declared disaster only

2. Severity Matrix

Severity	Definition	Target Update Cadence
P1	Complete production outage or confirmed compromise of production environment affecting customer operations.	Every 60 minutes
P2	Major degradation with no acceptable workaround for critical workflows.	Every 4 hours
P3	Material issue with workaround or limited business impact.	Daily until stabilization

3. Service Credits and Exclusions

- If monthly availability falls below 99.9% but at or above 99.0%, Customer receives a 10% service credit for the affected month.
- If monthly availability falls below 99.0%, Customer receives a 20% service credit for the affected month.
- Planned maintenance windows announced at least 5 days in advance are excluded from availability calculations.
- Outages caused by Customer systems, force majeure, or unauthorized configurations are excluded.
