Nonconformance Report — Vendor Access Review

Formal record of an evidence and control-gap issue raised during the Q1 2024 review.

Document ID	AUD-102
Owner	Compliance
Opened Date	2024-03-14
NCR ID	NCR-2024-011
Classification	Internal Use

Synthetic corporate document for demo, evaluation, and retrieval workflows only. All parties, people, systems, repositories, and events are fictional.

1. Issue Summary

Field	Value
Source	Q1 internal audit checklist (AUD-101)
Description	Two privileged vendor accounts in the Northwind production support tenant were not included in the current evidence pack with complete owner approval.
Severity	Moderate
Detected On	2024-03-14
Control Reference	POL-031 REQ-IDM-03; CTR-013 Access Management obligations; supplier code evidence requirement.

2. Immediate Containment

- Restricted elevated rights for the two identified vendor accounts pending confirmation of business purpose and owner approval.
- Requested export of last activity and approval history from IT Operations and the vendor support lead.
- Opened a remediation item in the Vendor Risk workspace and linked the issue to the Governance Committee agenda.

3. Corrective Actions

Action	Owner	Due Date	Status
Reconstruct access-review evidence and obtain system-owner sign-off	Priya Nair	2024-03-18	In progress
Negotiate liability cap with vendor legal	Maria Santos	2024-03-22	In progress
Draft SCC Appendix C and transfer rationale memo	James Park	2024-03-25	Open
Define explicit incident response SLOs in policy and contract package	Alex Rivera	2024-03-28	Open

4. Closure Criteria

The NCR may be closed when corrected evidence is archived, the approval artifact is linked in the evidence log, the governance committee accepts remediation, and the access-review workflow is updated to prevent recurrence.
