Remediation Closure Note — Vendor Access Review

Closure memo for the evidence-pack remediation associated with NCR-2024-011.

Document ID	REM-001
Owner	Compliance
Prepared Date	2024-04-10
Related NCR	NCR-2024-011
Status	Closed — evidence issue only

Synthetic corporate document for demo, evaluation, and retrieval workflows only. All parties, people, systems, repositories, and events are fictional.

Closure Scope

This closure note addresses the specific access-review evidence gap raised in NCR-2024-011. It does not close unrelated open legal or privacy negotiations in the Northwind commercial package.

Closure Evidence

Closure Check	Result	Evidence
Missing approval artifact archived	Complete	EVD-102 Privileged Account Approval Email exported and stored in evidence repository.
Vendor admin population revalidated	Complete	IT Operations owner sign-off dated 2024-04-08 and reflected in the Q2 access review seed file.
Evidence checklist updated	Complete	Vendor-admin approval row now mandatory in GRC evidence template.
Governance acceptance recorded	Complete	Committee checkpoint of 2024-04-09 accepted the control closure.

Residual open matters remain outside the scope of this closure note: liability cap, final SCC appendix execution, and the long-form incident-notification clause.
